

## 263 Acres of Land For Sale.

I have 263 acres of good Sumner County land for sale. I am rural mail carrier from Lafayette, Tenn. When I bought this farm I thought I would quit my route and move to it, but I have decided that I am not physically able and have not sufficient help to handle the farm as it should be, hence I offer it for sale.

The farm is situated about eight and a half miles West of Gallatin, near the Red River Pike, on Station Camp Creek. About one hundred acres of the farm is in and ready for cultivation, all fine land. Thirty acres in fine blue grass. Nice lot of timber, with plenty for building and repair work and fire-wood to last a life time, if left and not cleared away. Two dwellings, 3 barns, fine spring near the dwelling, good the year round, with other running water on the place for stock. This is a good farm for grain and stock raising, and grows fine burley tobacco.

Go look at this farm and let your eyes be the judge. This farm can be bought for \$60 per acre. If this strikes you ge busy. Correspond with
